District Projects and Operations

Communications Report

Lake vegetation outreach efforts have begun. Press Releases have been drafted and released to media outlets.

Social Media Activity report

Devils Lake Conservation/Aeration Project

All equipment is fully operational and maintained

Devils Lake Aquatic Vegetation Management

Currently completing DEQ permitting and associated materials prior to initiating our comprehensive vegetation management plan. Preliminary permit has been completed and sent to DEQ for comments.

Devils Lake Flood Protection

State agencies are requiring a biological assessment be performed prior to submitting the application. Campbell Environmental is currently performing the work.

ACTION ITEMS

No update

Water Quality Briefing

Dissolved oxygen levels are over 98% lake wide. No visible problematic algae in the water column. Representatives from the Federal EPA and Oregon DEQ will be meeting with District staff to complete a comprehensive biological assessment as part of a national effort to determine the overall health and status of lakes around our country. The work is scheduled to begin in June 2022 with the final report being issued in 2024.
